WHAT IS WRONG WITH GRUNDY?

At the last term of court the
magistrates of the county voted
a decrease of ten cents on the
Elementary School tax and ap-
plied it to the support of Junior
High Schools as an act passed by
the legislature had done away
with the old secondary Schools.

We feel that the action of the
court looking toward the estab-
lishment of these schools were
wise and a step in the right di-
rection but we also feel that the
decrease in the elementary
school tax was wrong.

Our schools are already grie-
vously curtailed and to take away
from them in their poverty
stricken condition looks like
"robbing the widows and or-
phans." We have the destiny
of unborn generations in our keep
ing and the way we plant and
build will determine the fate of
our posterity. "Are we willing
to be a back number? "Are we
willing to sit idly by in ignorance

and poverty while our sister coun-
ties and states are forging for-
ward in the educational race? It
has come to the point where
we must build or die.

Like the coral which can only
preserve its life by building up-
ward to the sunshine, we must
set our faces resolutely to the
front and do some constructive
work or we will perish in an edu-
cational way and we will be elim-
inated from the race.

These Junior High Schools
which are to be established in
every district of the county will
solve the problem of a secondary
education for our young people
and will provide an incentive to
go forward in more advanced
work. They will systematize
our course of study and give a
definite goal toward which all
may aim. Instead of one or two
pupils dragging along in higher
Algebra and Physics as was the
case in our old secondary schools
in many instances, we can have
live, bright, and intelligent clas-
ses working along a definite course
and not "fighting the air" in an
aimless and haphazard man-
ner. We have got to provide
better education for our children.
Poverty vice and degradation are
on the one side; prosperity, sob-
riety and all that tends to a high-
er life are on the other "choose
ye this day which ye will serve."
An educated people are a moral
people. An educated people are
a prosperous and wealthy people.
The reverse can be written of
illiterate and uneducated people.
This has been demonstrated be-
yond question. "Hear Oh Israel"
was the first command given God's
chosen people and how can we
hear without a teacher and how
can we teach unless we learn and
how can we learn we have the
facilities. Let it not be said of
us in regard to our own children;
"whose hand sloped back this
brow," who took the upward
looking and the light from this
once bright countenance, "who
mared the image of God in this
his creature?" God help us to
the light and so our duty as God
gives us to know our duty.

COMES OUT WITH A SWORN STATEMENT.

Life Long Invalid Restored
To Health By Tanlac
Gains 31 Pounds.

On Friday, June 18th of last
year there appeared in the Chat-
tanooga Evening News the re-
markable story of a frail little
woman who had been restored to
health and happiness by the use
of Tanlac. The person referred
to is Miss LaRue Davis, who is
now a resident of Memphis and
who lives at 286 Looney Avenue.
This statement which is so re-
markable as to be almost incred-
ible was published in newspapers
all over the south from the Mason
and Dixon Line to the Texas Bor-
der. In telling of her wonderful
restoration to health at that time
Miss Davis said:

"I always have been very deli-
cate and suffered a great deal
from stomach trouble and rheu-
matism. I rarely ever had any
appetite and simply couldn't re-
lish anything. I fell off in weight
until I only weighed 76
pounds, and was so thin I looked
perfectly awful. After taking
three bottles of Tanlac I now
weigh over 100 pounds and am
gaining every day. My appetite
is good and I can hardly get en-
ough to eat. Even my complex-
ion has improved and I feel bet-
ter in every way. Tanlac is sim-
ply grand and I can truthfully
say that this is the only medicine
that ever did me any good.

At the time she made this sta-
tement, Miss Davis lived in Chat-
tanooga and made her home at
210 Glass Street, East Chatta-
nooga. A still more remarkable
feature of this case came to light
just last week when she came of
her own free will and accord to
tell Dr. W. B. Logan, the special
Tanlac representative at Mem-
phis, that she was still in the
best of health and that she had
gained 7 pounds in addition to
the 24 pounds reported last June
and she felt that she owed not
only her present health, but her
life to this medicine. Out of
sheer gratitude Miss Davis con-
sented to give not only a second
statement but to make a sworn
affidavit to the facts in her re-
markable case, which appears be-
low.

Miss LaRue Davis formerly of
210 Glass Street, Chattanooga,
Tenn., now living at 286 Looney
Avenue., Memphis appeared be-
fore me in person and made the
following statement.

"In June 1915, I of my own
free will and accord, went to the
Live and Let Live Drug Company
at Chattanooga Tenn., to see the
Tanlac representative and gave
him my testimonial stating the
fact that I had used three or four
bottles of Tanlac, and that the
statement then given was true
and that I wish to state now
that every word contained there-
in still holds true. Furthermore
I have not had a days sickness
since that time and that I am
improving all the time, have
gained seven pounds more, mak-
ing thirty-one pounds gained
since I began taking Tanlac.
Before I began taking it I weigh-
